## A word from the president...

**Kirsten  
Faurie**  
ECWOT President

Greetings ECWOT members!

May 6 was my first meeting as chapter president. I had just attended the May 2 Local Officer Training Session and was super motivated! I brought snacks and worked hard to put together an informative meeting packet.

Well, the May 6 meeting was fine, but we were delayed in making some important decisions because we did not have enough members in attendance to meet quorum. If I am going to be honest, I was a little sad that so few could attend.

It's unreasonable to think that every member can attend every meeting. We all have a lot going on in our lives including engagements, graduations, work and taking time for family and personal health! But for the success of our chapter, I hope all our members can do their best to attend when they can so we can continue to make a difference in our communities.

For those that were not able to attend, please read the unapproved meeting minutes in this newsletter to catch yourself up on what was discussed so we can move forward immediately at our June 3 meeting.

I was fortunate to be able to volunteer at Museum Day on May 16 at the Kanabec History Center. I was able to try out some old communication technology in between volunteering helping kids roast hot dogs and play games.

Still, I was the only person from ECWOT to attend and it was an eye opener for me on our need to focus on the first portion of my theme this year: **STOP**.

At first the word "stop" sounds very negative, but if we take the time to pause and evaluate the direction we are headed, "stopping" can be a positive thing. It will keep us from biting off more than we can chew. I believe as a chapter we need to make sure we are not over-extending ourselves. If we choose to participate in volunteer and fundraising activities, I want it to be something we are passionate about and have our hearts invested in.

It also reminded me about the rest of my theme: **COLLABORATE AND LISTEN**. Perhaps no one from the chapter was available to participating in Museum Day, but it wasn't communicated properly. It's important for us to be honest with each other about what events we are willing to participate in and to decide exactly who can and cannot participate before the event.

**Whether it is via switchboard or cell phones, to be a successful chapter we need to make sure we are COMMUNICATING!**

So remember, this year let's remember to communicate whether it is with an old switchboard, carrier pigeon, rotary phone or email.

### **Stop, Collaborate and Listen**

**STOP:** Sometimes the best way to move forward is to pause for a minute to evaluate the direction we are going. Let's not be afraid to take a time-out to gather our thoughts and reflect on what direction we are heading and if it is where we want to invest our efforts.

**COLLABORATE:** We need to work together. Our group is a diverse group. Each person has different skills to offer, and different life experiences and different views. Being able to embrace those differences will make us stronger. Remember, part of working together is helping out when another member may be struggling.

**LISTEN:** In order for us to work together, we need to be able to communicate openly and honestly. That includes truly listening to each other with respect. This way we can promote an environment where everyone feels safe to speak their mind.

My goals for this year are to promote effective communication and efficient meetings to help us reach our goals. So, this year let's remember to **STOP, COLLABORATE and LISTEN** as we continue to grow and serve as members of the Women of Today!
